DETAILED ACTION

It is noted that Applicant stated that an original copy of page 16 of the specification is attached to the response filed 3/10/04 (paper #10). However, the attachment is not found with the reponse. The amendment to page 16 of the specification has not been entered.

Response to Arguments

Applicant's arguments filed 3/19/04 have been fully considered but they are not persuasive with respect to the 102(e) rejections.

Applicant argued that Hao does not teach 'verify' that the local application and remote application are synchronized. The argument is not persuasive because Hao specifically discloses maintaining index of application windows for 'consistent system control' (col.3 lines 54-55, col.4 lines 55-57) and ensure consistency among the local and remote applications before processing subsequent event to modify an application (col.8 lines 44). 'Ensuring consistency' prior to permit further modification to the application implies that the applications are verified to be synchronized prior to permitting the further modification.

Art Unit: 2153

Claims 19, 24, 25, 29, 31 and 35 are rejected under 35 U.S.C 102(e) as stated in the prior office action (paper #9).

In view of Applicant's invocation of 35 U.S.C 103(c), the 103(e) rejections of claims 20-21, 24, 26-28, 30, 32-34 and 36 are withdrawn.

Allowable Subject Matter

Claims 20-21, 24, 26-28, 30, 32-34 and 36 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
